At Erickson's Automotive this service is always performed by an ASE certified technician. To make an appointment please call us at **503-635-4116**, or click "Appointments" on the main menu at our website.

A special note to our customers:

At Erickson's Automotive we feel that it is our responsibility, as your car care provider, to keep you informed of the condition of your vehicle. To this end we will let you know of any needed maintenance or repairs that we discover when servicing your vehicle. We will let you know whether work is being suggested as routine or preventative maintenance, or whether it is being recommended because a vehicle system has failed or a failure is imminent. At Erickson's Automotive we do not use "high pressure" sales tactics and do not perform repairs without your authorization. We will always provide estimates, and itemized written estimates are available upon request. Erickson's Automotive is a member of the Automotive Service Association (ASA) and, as such, subscribes to the ASA Code of Ethics.
